Why we do Service/Mission Trips

Beyond the obvious benefits participation in Summer trips and major youth events bring such as serving others and making the world a better place, Youth Ministry trips are one of the best ways for a young person to get to know others at church and take ownership in the mission and ministry of Augustana. Young people who go to Youth Quake, Rockford, South Dakota, and other destinations tend to feel connected to the church because they have hands on experiences that have built their faith and fostered relationships that will last a lifetime. Our guidance to parents who desire to an active, living faith in their children is to insure participation in at least one major youth event or trip each year. Remember that financial aid is available as needed.
